**NOTICE**

Please bring your Town Reports to School District and  
Town Meetings. There are no extra copies available.

**TOWN WARRANT**  
**The State of New Hampshire**

To the Inhabitants of the Town of Mont Vernon in the  
County of Hillsborough in said State, qualified  
to vote in Town Affairs:

You are hereby notified to meet at Town Hall in  
said Mont Vernon on Tuesday, the thirteenth day of  
March next, at two-thirty of the clock in the afternoon,  
to act upon the following subjects:

1. To choose all necessary Town Officers for the  
year ensuing.

**ACTION ON SUCCEEDING ARTICLES**  
**DEFERRED UNTIL 7:30 P. M.**

2. To raise such sums of money as may be necessary  
to defray town charges for the ensuing year, and  
make appropriations for the same.

3. To act on reports of all Town Officers, Agents,  
Auditors, Committees, etc. and raise and appropriate  
any money relative thereto.

4. To see if the Town will authorize the Selectmen  
and Treasurer to borrow money in anticipation of  
taxes.

5. To see if the Town will vote to accept Town  
Road Aid for construction of Class V roads, and raise  
and appropriate the sum of \$639.60 for said purpose.  
(State will add \$4264.05.)

6. To see if the Town will vote to raise and appropriate  
the sum of \$1900.00 to paint the Town Hall  
and Town Buildings.

7. To see if the Selectmen will vote to use the  
T.R.A. money to widen, repair and black-top Harwood  
Road from Route 13 to below the property owned by  
Isabel Hall.

8. To see if the Town will vote to raise and appropriate the sum of \$300.00 for equipment to activate the Mont Vernon fire alarm from the communication center in Milford.

9. To see if the Town will vote to raise and appropriate the sum of \$500.00 as Mont Vernon's share of the operator's salary at the communications center in Milford.

10. To see if the Town will vote to rescind action previously taken providing for the election of a Road Agent and vote to authorize the Selectmen to appoint a Road Agent, such vote to take effect as of the Annual Meeting in March 1963.

11. To see if the Town will vote to establish an ordinance prohibiting all night parking of vehicles and/or equipment, in or on any Town, or State, maintained street or road, during the period November 15 to April 15. The ordinance to take effect immediately upon affirmative vote.

12. To see if the Town will vote to establish a Planning Board of seven members with duties as set forth in Sections 1-15, Chapter 36, N. H. Revised Statutes Annotated, 1955, to make a study of the Town's development and report to the Town appropriate recommendations for the promotion and maintenance of the Town's best development.

The Board shall consist of one Selectman, and six other citizens appointed by the Selectmen, as provided in Chapter 36, N. H. Revised Statutes Annotated, 1955.

13. To see if the Town of Mont Vernon will vote to participate in the Federal Urban Planning Assistance Program, and hereby vote to raise and appropriate \$1000.00 as the Town's one-third share of the total cost.

14. To see if the Town will vote to compensate the Tax Collector on a fixed salary basis, said salary not to exceed \$400.00.

15. To see if the Town will vote to raise and appropriate the sum of \$50 for recheck on Pine Blister Rust.

16. To see if the Town will vote to raise and appropriate the sum of \$600.00 to lay a pipe drain from the east side of Route 13 to the upper end of the present Town Drain.

17. To see what action the town will take on the following resolution:

Whereas there is little or no relation between the real estate taxes paid on a piece of property and that property's benefits from or demands upon the public school system, and whereas there is a fair relation between the amount of money a person earns and hence spends, and the benefits a person gets from, or the demands a person makes upon the public school system and whereas the Mont Vernon school budget has risen from 21% to 73% of the total town budget in 20 years. Therefore be it resolved that the town of Mont Vernon in an effort to bring about a revision in the tax base for the support of public education does hereby declare its willingness to accept and its desire to have, a sales tax for the support of public education. This tax to be based upon the broad proposition that a small percentage of any money a person spends in N. H. should go toward the support of public education. The percentage to be to the nearest  $\frac{1}{2}\%$  that will yield the approximate total school budget for the entire state. This tax to be collected by the state and divided into as many portions as there are pupils enrolled in the public schools of N. H., each town to be paid as many portions as it has pupils. Any payment to a town in

excess of its school budget to be applied to the town budget, any amount above a town's portion necessary to equal its school budget to be raised by present means of taxation. Except as noted above, no moneys collected under this or any sales tax to be used for any purpose other than the support of public education without a referendum vote. If approved, a statement of this resolution and the action taken is to be sent by the town clerk to the Governor, President of the Senate, Speaker of the House of Representatives, the editor of each daily newspaper in N. H. and the editor of the Milford Cabinet.

18. To act or any other business that may legally come before this meeting.

Given under our hands and seal, this twenty-sixth day of February, in the year of our Lord nineteen hundred and sixty-two.

**Polls open 2:30 p. m.**

**Polls will not be closed before 8:30 p. m.**

ROBERT C. MASON,  
WALTER G. SMITH,  
WILLIAM O. LAMSON,  
Selectmen of Mont Vernon.

## BUDGET

<hr/>	
	\$957 11

ROLAND E. CHRISTIE, JR.,  
Treasurer.

This year the Cemetery Trustees have had the front iron gates scraped and refinished as well as the tomb entrance. Also the white wooden gates have been painted. Again this year one of the maple trees that was dying has been removed and there are still more to be removed.

We have also started a road grading project and are planning to continue this year until the whole road has been graded and improved. We are planning to continue with the rebuilding of the stone wall and are hoping to install a fence and gate to the back section of the cemetery.

Income from the sale of lots, charges for work done on perpetual lots and accrued interest income from the

Kendall Cemetery Fund together with an appropriation of \$300.00 by the town will allow the Cemetery Trustees to continue to maintain Greenlawn Cemetery in a most presentable condition.

F. E. TOWER, Chairman  
 R. E. CHRISTIE, JR.  
 G. D. KITTREDGE

## DALAND MEMORIAL LIBRARY

The Daland Memorial Library has improved and expanded its services to the community in 1961. Library Week, the library was open several extra days to enable the townspeople and friends from surrounding areas to enjoy special exhibits. The school children wrote fine book reports and their own illustrations showed much original talent and perspective. The hobby displays were enlightening. Much hidden talent came to light. The last day the youth of the town acted as hosts and hostesses and served refreshments to the visitors.

The library is most fortunate to have obtained the services of Mrs. Laurence Cutter as assistant librarian.

In May the New Hampshire Federation of Women's Clubs awarded a full scholarship to our librarian to attend classes in Library Techniques at the University of New Hampshire. These courses are especially adapted for non-professional librarians in the small libraries of the New England area. This system is being copied by other states. This year all six New England states were well represented. As a result of this chance to study the project of cataloguing the library has begun. There will be cross reference and the Dewey Decimal System is being used. This is a long term project, but little by little it will be accomplished. All new books are being so classified and gradually all other books in the library will be so treated.

During July and August a series of "Reading Out Loud" were held for pre-school children and those in grades 1 and 2. An average of 18 children attended. Friends of the Library took turns reading and members of the 4-H acted as monitors.

We have added 208 books to our collection, many gifts from friends.

The P. T. A. gave the library a very generous check designated to be used in conjunction with the school.

A conference between teachers, trustees, and librarians was held and the first group of 30 books was ordered and loaned to the school after Christmas vacation. A second group is in the process. This is a most important service to the youth of our town.

The Daland Trustees installed new fluorescent lights in the stack room, purchased a filing cabinet and a much needed typewriter.

During the year our circulation has increased 12%, with double the number of requests from the State Library. Several of the High School students are participating in the "Adventures in Reading" this year. This is a most healthy sign.

We wish to thank the townspeople and our many friends for their wholehearted cooperation in making this an outstanding year.

Respectfully submitted,

KATHRYN DAVIS GROVES,  
Librarian

ELIZABETH CUTTER,  
Assistant Librarian

### REPORT OF POLICE CHIEF

During the year 1961, the following complaints were received and acted on accordingly:

Accidents	20
Motor Vehicle Violations	8
Suspicious Persons	3
Accidents Resulting in Personal Injury	9
Juvenile Complaints	28
Malicious Damage	10
Breaking and Entering	5
Larceny	2
Speed Warnings - written, 25; oral, 38	63
Dog Bites	3
Dog Complaints	20
Care of Stray Dogs	3
Court Cases	10
Missing Persons	1

This year we have had more Juvenile Complaints than before, many of them stemming from newly licensed operators, and we have spent quite a bit of personal time trying to straighten this out before having to take drastic action in the courts. Our accident ratio also has greatly increased with a large percent of

personal injury resulting. All this seems to come from excessive speed which we have tried to control.

We also seem to have had a large number of dog complaints, but with the co-operation of the dog owners we should be able to curtail them.

The bicycles were not registered this year due to the lateness in ordering the plates, but due to the interest and pride of our young population we will register them this year on the fifth of May at the Fire House.

In order to be able to serve you better, I have attended F. B. I. Seminars which have been offered and also participated in the State Police meetings which have been held, with an invitation to all Chiefs of Police in the State, to better acquaint them with the workings of the new organization and we have also been invited to attend further instruction periods in different phases of police work to enable us to perform our jobs more efficiently.

As the expenses of the Police Department have increasingly grown and have exceeded the appropriated budget for the past few years, we respectfully request an increase of \$100.00 making the total appropriated budget \$350.00.

We wish to take this opportunity to thank all those who have co-operated with us in any way and have rendered us aid during the past year.

ROLAND E. CHRISTIE, JR.,  
Chief of Police.

#### **FIRE DEPARTMENT REPORT**

The Maynard Fire Apparatus Company of Marshfield, Massachusetts, delivered our new white fire truck on January 10, 1962. It was tested by the New Hampshire Board of Fire Underwriters on January 12 and met their requirements. On January 15, the fire in-

surance classification of the town was changed from E-1 to E-2. As a result, people living between one and two miles of the fire station will have lower fire insurance rates.

The department has had several drills with the new truck and found it very satisfactory.

We participate in a Mutual Aid Association with 14 neighboring towns. The Association met recently at the Mont Vernon fire station to see the new truck and talk over mutual problems. It is a comforting thought to know that neighboring departments are willing to come to our assistance in case of large fires.

The past year the department was called to three barn fires, one house fire, one mattress fire, one chimney fire, and one electrical wiring fire.

A box with a cover has been placed in the Jew Pond, the inside of which we keep relatively free of ice to make water available more quickly. It is also used occasionally to flood the pond to improve the skating.

The department is still in the scrap business. We appreciate any paper or scrap left in the box at the fire station, or we will pick it up at your house if you notify us. The proceeds from the sale of this scrap is used to maintain our meeting room and finance special projects.

With the coming of dial phones, we will lose the services of the local telephone operators who were so helpful in clearing busy lines so the department and outlying firemen could be called. In view of these facts, we urge you to support the articles in the warrant, relative to the establishment of a communication center in Milford to service Mont Vernon, Amherst, and Milford.

The delivery of the new truck greatly improved the department, but **prevention** is still your best fire protection.

JOSEPH G. CARLETON,  
Fire Chief.

## An Appeal from Your Forest Fire Warden

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you and I — can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump — we are simply protecting yours and the town's interests.

The ever-present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours, and the costs of extinguishing them are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
  2. Secure the required burning permit.
  3. Keep your fires under control.
  4. Completely extinguish your fires before leaving them.
  5. See that your children are properly cautioned.
- Everyone will benefit by it.

### 1961 Fire Record

Number of fires	0
Number of acres burned	0
Number of permits issued	129

WINTHROP H. HANNAFORD,  
District Fire Chief.

JOSEPH G. CARLETON,  
Forest Fire Warden.

## VILLAGE SCHOOL RENOVATION PROJECT REPORT

In compliance with the vote of the recessed Mont Vernon School District Annual meeting on June 10, 1961, a committee was appointed by the Moderator to work with the School Board for reconstruction of the Mont Vernon School Building. Members appointed were: Vernon Wilkins, Gertrude Carey, William Buckley and Walter Thompson.

The first of four planning meetings of this committee was held June 25th with Superintendent Goodman and Nicholas Isaak of the firm Koehler and Isaak, architects of Manchester, present. Several floor plans were studied and approval given to a plan suggested by Damon Russell of the State Board of Education.

Due to the short period of time in which to complete the project before fall school opening, the specific amount of finances appropriated for the work to be done and tentative approval of specifications submitted by Mr. Isaak, contact was made with a Manchester contractor, Maurice A. Lavoie. Mr. Isaak investigated work previously completed by Mr. Lavoie, his credit rating, number of workmen he would have available for the project and his dependability. In all respects Mr. Lavoie received an excellent rating and Mr. Isaak recommended the committee proceed with him. Building plans and specifications were presented to this contractor who then quoted prices for all work to be done, electrical and plumbing work to be sub-contracted under his supervision. These quotations were within the appropriated funds and since work could start immediately with a guarantee of being completed before time for the fall opening of school, Mr. Lavoie was awarded the contract.

Work started on July 10th and progressed during the following weeks to completion, with the exception of minor items, about August 26th. Quality of materials and workmanship, as well as adherence to the specifications or changes directed by the Committee, was checked periodically by the architect and almost daily by several members of the committee. Some changes in the general approved plan were made as the project progressed and agreement reached with the contractor concerning the effect on quoted prices.

Sub-contractor, R.E. Griffin, Manchester, completed the plumbing and heating requirements for the building. Installation of new classroom sinks, water coolers and toilet improvements were included in this work. The furnace and heating equipment was checked, replacement made of worn parts and repairs made for good operating condition. Radiators were installed in accordance with space heating requirements and

thermostatic set up to operate two rooms each on two separate circuits. This would allow more efficient use of heat and save on the consumption of heating fuel.

Re-wiring of the entire building, a portion of which was in addition to the contracted price, installation of new florescent lighting throughout, and the incorporation of an attendance bell and fire-alarm system was sub-contracted by Harold F. Smith, electrician from Goffstown.

Ceilings in the three newly renovated rooms are of acoustic tile and were installed by Warren Baker of Goffstown, while the new tile flooring on the second story floor and the repairs to the floors downstairs was done by the Bennet Flooring Company of Manchester.

In addition to the contracted work, the remaining room (S E corner downstairs) which was little affected by the project and the toilets were painted, the back hallway painted, protective screens made for all classrooms and hallway windows, the front hall renovated, and water coolers for each classroom made available.

The project included such work as insulating the north and west walls with rock wool material being blown in and all outside walls being covered on the inside with aluminum sheeting before plywood covering was placed. Walls between classrooms were insulated to reduce sound transmittal. In compliance with directions of the State Fire Marshall, fire-proof paint was used throughout the building.

With the new equipment installed in the renovated building, an improved water supply was imperative. Permission was obtained from the officials of the Mont Vernon Congregational Church, from whom we had been obtaining water on a rental basis whereby the Church furnished the pump and equipment, to install a new and separate pump in the Church well, tie it in with the present piping to the school and obtain our water for \$1.00 per year. Mr. Alexander Brougham, pump engineer and consultant in our town, installed a jet-type pump and adequate piping and storage tanks to insure excellent pressurized water for the requirements of the now two-story operation.

Inspection of the completed project was made by the School Board, Superintendent, and architect on October 18th, and acceptance of the work indicated. All work completed will carry a guarantee against defects of workmanship and materials

for a period of one year from this date. Transformation of the formerly cramped and inadequate classrooms into a spacious and colorful educational facility has been accomplished with first class materials and workmanship.

Through the personal generosity of Mr. Nicholas Isaak, the architect, and the interest of the Trustees of McCollom Institute, an attractive sign has been placed on the front edging of the portico indicating that the building is the "Mont Vernon Village School". The committee is greatly appreciative of this gesture which otherwise would not have been possible within the funds available.

Open house was held on September 6th and many of our townspeople joined School Board and Educational Association guests in ceremonies of dedication and inspection at that time. Comment was made by State educational leaders and many others that Mont Vernon has one of the finest and most functional buildings of any school system: one that will allow the presentation of many educational programs as well as the opportunity to expand over a period of years to almost double the present pupil load.

The reconstruction committee has appreciated the assistance, cooperation and interest of the many members of the School District who helped to successfully complete the project.

Reconstruction Committee:	George D. Kittredge
	Leonard S. Morrison
	H. Priscilla Blanchard
	William B. Buckley
	Vernon B. Wilkins
	Gertrude Carey
	Walter N. Thompson

## **MINUTES OF ANNUAL TOWN MEETING**

**March 14, 1961 — Mont Vernon, N. H.**

Moderator Roger W. Crouch declared Town Meeting open at 3:09 p. m. Prayer offered by Rev. George B. Thomas. Reading of Town Warrant by Moderator Crouch.

Article 1. Polls declared open by Moderator at 3:13 p. m. At 7:40 p. m., Moderator stated polls would remain open and the meeting would proceed to take up the balance of Articles in Warrant.

Article 2. Budget read by Robert C. Mason, Selectman. Motion by Robert C. Mason, seconded by George O. Carleton, to adopt budget as given in Town Report.

Amendment: Motion by George D. Kittredge, seconded by George B. Thomas, that the budget contain fifty dollars (\$50.00) for the Merrimack Valley Association. Amendment carried. Motion as amended carried.

Article 3. Motion by W. Guild Smith, seconded by Robert C. Mason, to pass the Article. Motion carried.

Article 4. Motion by Francis C. Reagan, seconded by George O. Carleton, to adopt Article as in Warrant. Motion carried.

Article 5. Motion by Francis C. Reagan, seconded by George O. Carleton, to adopt Article as in Warrant. Motion carried.

Article 6. Motion by Robert C. Mason, seconded by George D. Kittredge, to adopt Article as in Warrant.

Amendment: Motion by Alan Hazen, seconded by Donald Cheever, to see if the Town will vote to raise and appropriate the sum of one thousand dollars (1,000.-00) for the replacement of the lower end of the town drain from a point near Alan Hazen's and continuing across land now owned by Elmer Greenhalgh and construct a new drain and catch basin from the easterly end of the present drain on Greenhalgh side of the town road and proceed east along the town road, and replace drain under road. Standing vote on amendment.

Yes 30; No 48. Amendment lost. Motion carried.

Article 7. Selectman Walter Guild Smith stated this Article should read as follows: To see if the Town will vote to raise and appropriate the sum of three thousand two hundred dollars (\$3,200.00) for the purchase of two truck snow plows for the Highway Department. Motion by Frank Dunnington, seconded by Donald Cheever to adopt Article as corrected. Motion carried.

Article 8. Motion by W. Guild Smith, seconded by Roland E. Christie, Jr., to adopt Article as in Warrant.

Amendment: Motion by Francis C. Reagan, seconded by Robert C. Mason, to defer action on this Article until Annual Town Meeting in 1962. Chairman to appoint a committee of three (3) to work with the Firewards and report their findings at 1962 Annual Town Meeting. Vote by ballot and use of checklist.

123 ballots cast. Yes 60; No 63. Amendment lost.

Amendment: Motion by Frank Dunnington, seconded by Donald Cheever, that the Selectmen appoint a committee of seven (7) members consisting of the Firewards and four members from the checklist to set specifications, receive bids, contract for, and accept on behalf of the Town a pumper, which will meet or exceed the minimum requirements of the New Hampshire Board of Fire Underwriters for rural fire protection. The Selectmen to dispose of the Graham truck by competitive bid within four months after the acceptance of the new truck by the committee.

Amendment to amendment: Motion by Francis C. Reagan, seconded by William B. Buckley, that the entire cost of fifteen thousand dollars (\$15,000.00) be paid this year. Amendment to amendment lost. Amendment carried. Vote on motion by ballot and use of checklist.

123 ballots cast. Yes 82; No 41. Motion as amended carried.

Article 9. Motion by Alan Hazen, seconded by

Donald Cheever, to amend Article: to see if the Town will raise and appropriate the sum of thirteen thousand dollars (\$13,000.00) for the purchase of a used, rebuilt and guaranteed all-axle drive and steer motor grader (known as an Austin-Western) with power hydraulic wing and front mounted power hydraulic lift arms, repair old V-point plow (estimate cost of \$250.00) and mount on grader, for use within Town limits only. Presently owned grader, and Cletrac tractor with plows to be traded or sold and receipts from such sale to be applied toward debt incurred by purchase of above. Amendment lost. Moderator called for vote on Article. Article lost.

Article 10. Moderator called for vote on Article. Article lost.

Article 11. Motion by George D. Kittredge, seconded by John Clark, that the townspeople be allowed to hire Town tractor for plowing snow. By townspeople is meant legal residents of Mont Vernon only. Motion carried.

10:09 p. m. Moderator declared meeting would revert to Article 1.

10:17 p. m. Motion by Roland E. Christie, Jr., seconded by several, to close polls. Motion carried.

11:24 p. m. Moderator Crouch read results of balloting for Town Officers. The following were elected:

Town Clerk	Ruth L. Carey
Selectman	William O. Lamson
Treasurer	Robert C. Morrison
Tax Collector	Mabel E. Leonard
Road Agent	Willard Archibald
Overseer of Public Welfare	Donald Cheever
Trustee of Trust Funds	Brian Long
Cemetery Trustee	F. Edmund Tower
Library Trustee	Alice Buckley
Fireward	Joseph G. Carleton
Auditor	George O. Carleton
Auditor	Francis C. Reagan

**SPECIAL TOWN MEETING**  
**Mont Vernon, N. H. — July 12, 1961**

Meeting called to order by Moderator Roger W. Crouch. Reading of the Warrant by Moderator.

1. To see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000) for the purchase of a new pumper-type fire fighting engine to be chosen by the committee appointed at the 1961 regular Town Meeting in accordance with the instructions of the vote at the March 1961 Meeting.

Joseph G. Carleton, chairman of this committee, gave the committee report.

Motion by Joseph G. Carleton, seconded by William B. Buckley, that fifteen thousand and ninety-four dollars (\$15,094.00) be appropriated for the purchase of a fire truck.

Vote by ballot and use of checklist. 59 ballots cast.

Yes 52; No 7. Motion carried.

2. To see if the Town will vote to authorize issue of bonds or notes upon the credit of the Town for all or any portion of the sum raised and appropriated under the preceding article in compliance with the provisions of Revised Statutes Annotated of New Hampshire, Chapter 33 and to authorize the Selectmen to determine the terms, conditions, sale, form and the time, date and place of payment of such bonds or notes and to determine the rate of interest or discount thereof.

Motion by Joseph G. Carleton, seconded by Bernard L. Sliney to pass article as in Warrant.

Vote by ballot and use of checklist. 60 ballots cast.

Yes 59; No 1. Motion carried.

Motion by McKinley Hatfield, seconded by several, to adjourn. Motion carried.

## **AUDITORS' CERTIFICATE**

This is to certify that we have examined the books, vouchers and other financial records of all Town Officers and find them correctly cast and properly vouched for the fiscal year ending December 31, 1961.

F. C. REAGAN,  
GEORGE O. CARLETON,  
Auditors.

## MONT VERNON SCHOOL DISTRICT

## **WARRANT FOR ANNUAL SCHOOL MEETING**

### **The State of New Hampshire**

To the Inhabitants of the School district in the town  
of Mont Vernon qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall  
in said district on the 7th day of March 1962, at 4:00  
o'clock in the afternoon, to act upon the following  
subjects:

Polls open at 4:00 P. M.

Business Meeting at 7:30 P. M.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for  
the ensuing three years, and a member for the en-  
suing two years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the  
School Board and Truant Officer, and fix the compensa-  
tion of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Com-  
mittees, or Officers chosen, and pass any vote relating  
thereto.
7. To choose Agents, Auditors and Committees  
in relation to any subject embraced in this warrant.
8. To see what sum of money the district will  
raise and appropriate for the support of schools, for  
the salaries of school district officials and agents, and

for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will approve of the action of the School Board relative to an agreement with the Mont Vernon Church Prudential Committee which permits the district to use the water supply of the Church for the annual sum of one dollar (\$1.00). The equipment and pump belonging to the district are to be maintained by the district.

10. To see if the district will vote to authorize the School Board to make application for and to accept on behalf of the district, any or all grants, or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government, or from the State of New Hampshire, or from any other source.

11. To see if the district will vote to adopt a plan for extending to employees of the district the benefits of title II of the Federal Social Security Act (Old Age, Survivors and Disability Insurance) as authorized by Chapter 101 of the Revised Statutes Annotated Amended by Chapters 302 and 332 of the Laws of 1955 and to raise and appropriate the sum of \$24.78 to defray the district's share of the cost thereof.

12. To see if the district wishes to exclude from the plan, services in any class or classes of positions filled by popular election.

13. To see if the district wishes to exclude from the plan, services in any class or classes of positions the compensation for which is on a fee basis.

14. If a plan for Social Security coverage is adopted, to see if the district will authorize the School Board to execute on behalf of the district the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the district will designate the school district treasurer as the officer to be responsible for the administration of the plan.

15. To transact any other business that may legally come before said meeting.

Given under our hands at said Mont Vernon this 14th day of February, 1962.

GEORGE D. KITTREDGE,  
LEONARD S. MORRISON,  
H. PRISCILLA BLANCHARD,  
School Board.

A true copy of Warrant — Attest:

GEORGE D. KITTREDGE,  
LEONARD S. MORRISON,  
H. PRISCILLA BLANCHARD,  
School Board.

## MONT VERNON SCHOOL BUDGET FOR 1962-63

Education of our children is one of our greatest obligations. True, it is costly but, in the competitive and everchanging world of today, the best is never too good.

The administrators and officers of the Mont Vernon School District have endeavored at all times to provide the highest standards possible in our educational program and at the most economical expense. With this in mind, we have attempted to provide excellent facilities, equipment and instruction for a top-level program. The following examination of the budget for 1962-63 will clarify the justification for what appears to be a large increase in estimated expenses for that period.

The proposed budget for 1962-63 presents an increase of approximately \$6,500.00 over that adopted for 1960-61. This can be explained in two catagories, tuition \$7,198.54 and construction project expense, or debt service, \$2,936.95. The tuition increase and debt service together amount to over \$10,000.00. That the budget has increased only about \$6,500.00 indicates the work of the School Board to operate our school as economically as possible.

Increased enrollment and advanced tuition charges for both Junior and Senior High school students at Milford, plus two tuition pupils in Lyndeboro, will cause expenses of \$29,881.38 in 1962-63. This item makes up 50% — one-half — of our budget and is not within our power to regulate. The State average tuition rate for Elementary, or Junior High, in 1962-63 has been established at \$279.00 per pupil whereas Milford estimates our charge to be \$271.56 and the High School rate will be \$457.00 for the State average with Milford's estimated charge to be \$456.88. It appears that the Milford District is operating economically — at about the State average — and charging us a fair cost

for our students' education in their school facilities. Milford adds to these charges a 2% rental which amounts to \$6.90 per pupil in the Junior High School, and \$29.00 per pupil in the new Senior High School.

The construction project of the past summer, covered in a separate report, increases our budget expense by 5%. This amount is most acceptable when the facilities and equipment are appraised. We have an excellent school plant for a number of years at a nominal expense.

The instruction in our Village School is excellent and justifies the budget expense which requires 26.4% of our costs. The teachers have been granted moderate raises annually, partially because of the cost-of-living increase and partially because of dedicated and efficient service. These qualified teachers are presenting educational programs which adequately prepare our pupils for higher education. This item also includes all textbooks and supplies necessary for classroom study.

Transportation, a necessity regulated by the topography of our town and the location of our schools, constitutes 9.04% of our operating budget. Contracted by bid and supervised by the School Board, this expense is justified in the best interests of our children and our over-all operations.

Plant operations, requiring 3.5% of our estimated expense, are mandatory. To maintain the present fine facilities, this amount is a bare minimum for doing only essential and necessary work.

Fixed charges, such as those of Retirement, Social Security, Union operational expenses and the Per Capita Tax, over which we have no jurisdiction towards regulating, require another 4.9% of the total budget.

The above budget items total 98.7% of the estimated expenses for 1962-63. This leaves only 1.3% for the expense of administration within the District, Health Services (School Nurse and Doctor) and such

incidental expenses as may arise. There have been no contingency funds included in this budget. Items have been pared to absolute operating minimums and no additional plans are considered for further expense.

Examining the over-all budget, the actual figures other than those of tuition and debt service show a reduction of \$1,689.42 compared to 1961-62. Your School Board has endeavored to present a true and necessary budget and respectfully request that consideration be given towards its acceptance to provide the type and quality of education for the children of the Mont Vernon School District.

Mont Vernon School Board

GEORGE D. KITTREDGE, Chairman  
LEONARD S. MORRISON  
HELEN P. BLANCHARD

RICHARD H. GOODMAN, Superintendent

# **ADMINISTRATION**

## *Superintendent*

It is with a great deal of pleasure that I submit my first annual report as your Superintendent of Schools. In this report I will point out the work accomplished since I assumed the superintendency on July 1, 1961, and discuss the areas that in my judgment warrant the full attention of each citizen if our schools are to accomplish what I firmly believe to be their goal: the optimum development of each individual.

Modern methods and tools are important in every line of work in order to achieve positive results. In the public school enterprise, which has a major responsibility in shaping tomorrow's citizens, the need to keep abreast of the times is essential. The work accomplished to date and the work ahead illustrates efforts made and planned to insure a high quality education for the boys and girls of each school district.

### **I. Progress Report**

#### **A. New Financial Accounting Methods**

The school districts of this Union are participating in a pilot project to improve school financial accounting methods. This project is sponsored by the State Department of Education and the State Tax Commission. The budget figures for 1960-61, 1961-62, and 1962-63 school years are presented under the new accounting system for the first time in the School Report of each district this year. It is expected that part of this project will result in financial reports of supervisory unions being sent to the State Department, just as each school district does at present. The new accounting system will be implemented state-wide in another year.

## **B. Curriculum Evaluation and Development**

For the first four months of this school year, your Teacher Consultant and I met with different groups of teachers nearly every afternoon to examine specific aspects of the curriculum. The teachers met by grade level or subject, not by school district, in the new supervisory union office in the Professional Building in Milford. To date, eleven of the consultants from the State Department of Education have held fifteen meetings with our staff to discuss current developments that will help us improve our schools (see list below). The staff of each school deserves a great deal of praise from each citizen, as well as from their School Board and Superintendent, for their willingness to give time from an already overloaded schedule to the continuous and important job of improving each part of the school program. At the time of the writing of this report, the teachers have initiated an examination of the following areas during the afternoon meetings:

Elementary School: Reading, Mathematics, Handwriting, Science.

Secondary School: English, Mathematics, Social Studies, Science.

The workshops held to date and those planned for the future are an important part of this work. As of January 25, three nationally prominent educators have come to Milford to address the one hundred and ten teachers of Supervisory Union 40.

September 7:

Dr. Karl Berns, Assistant Executive Secretary, National Education Association, "The Profession Faces the Sixties." Dr. John Bahner, Director, Harvard-Lexington Team Teaching Project, "Team Teaching in Elementary Schools."

January 25:

Professor Robert Anderson, Harvard University, lecturer and author, "Team Teaching, Grades 1 - 12."

Consultants from the State Department of Education have assisted us as follows:

1. Mr. Frank Brown  
Area: Secondary Schools  
Topic: Teaching Machines  
Group Involved: Principals
2. Mr. George Cunningham (two visits)  
Area: Mathematics  
Topic: Modern Mathematics  
Group Involved: Secondary School Math. Teachers and all Elementary School Teachers
3. Mr. Howard Wagner (two visits)  
Area: Science  
Topic: a. Development of Improved Junior High Science Program  
Group Involved: Secondary and School Science Teachers and selected Elementary School Teachers  
Topic: b. New Science Guide  
Group Involved: All Elementary School Teachers and Secondary School Science Teachers
4. Dr. Alice Baumgarner  
Area: Secondary Schools  
Topic: Supervision  
Group Involved: Principals
5. Miss Ruth Cutter (two visits)  
Area: School Lunch  
Topic: Improving School Lunch Programs  
Group Involved: School Lunch Staff
6. Mr. Nick Hondrogan  
Area: Industrial Education  
Topic: A New Approach to Industrial Arts  
Group Involved: Industrial Arts Teachers

7. Mr. Dan Brown      }      Consultants on School  
8. Mr. Nick Hondrogan      }      Maintenance  
    Area: School Maintenance  
    Topic: Improving School Maintenance  
    Group Involved: School Custodians
9. Mrs. Ruth Craig  
    Area: Guidance  
    Topic: Guidance  
    Group Involved: Guidance Counselors
10. Mr. Andre Pacquette  
    Area: Foreign Languages  
    Topic: Improving French Program  
    Group Involved: Area French Teachers
11. Mr. Damon Russell  
    Area: Administration  
    Topic: The New School Register  
    Group Involved: Secretaries, Aides, Selected Teachers
12. Mr. John Economopoulos  
    Area: Elementary Curriculum  
    Topic: Handwriting  
    Group Involved: Elementary School Teachers

The schools of this Union are fortunate in being staffed by so many devoted staff members. The deep interest each one takes in improving our schools and the education our boys and girls receive is evident in the many hours worked over and above the normal workload. The work of the staff members requires the support of each citizen if it is to result in positive gains for our schools.

## II. Areas for Action

The above progress report illustrates how each staff member in this Supervisory Union, regardless of the

school district wherein he performs his work, is working closely with staff members from every school district in the continuous job of improving the education each boy and girl receives. Because of this, and the fact that the school board members from each district work together in Supervisory Union and other matters, it is appropriate for me to list together the areas for action that I believe to be of prime importance for the school districts of Amherst, Brookline, Hollis, Milford, and Mont Vernon.

In any school, the two prime ingredients of quality education are staff and the available teaching tools. Yet, the important ingredients are available only if the citizens of each district so vote. I submit the following needs to the citizens of every district:

#### **A. Staff**

We must keep our excellent staff members and recruit others as needed. This can be accomplished through adequate salaries, sound personnel policies, and evidence that the citizens, through their School Board and school administration, are supporting a quality education program.

#### **B. Tools**

We must provide our teachers with the tools that will enable them to teach as effectively as possible. The "tools" include books, supplies, equipment, field trips for pupils, and workshops and conferences for teachers. Only when he has proper tools can any skilled teacher educate to the optimum the boys and girls in his charge.

#### **C. Policies and Regulations**

We must develop sound, written policies and regulations to govern the work of each staff member and the education of each pupil.

#### **D. School District Organization**

We must continuously investigate the financial and

educational implications of our school district organization.

The 1961 General Court authorized an Interim Commission on Education to analyze present school district organization, the cooperative school district law, and other areas in education in terms of necessary legislation. The Chairman of the State Board of Education has proposed a major reduction in the number of our present school districts and creation of new, larger, school districts with large high schools as the centers.

#### **E. Reports of Each School District**

I commend to your attention the reports in each School District Annual Report which describe in detail the work of the five districts in Supervisory Union 40. The approaches taken and planned to solving problems in other school districts may have bearing on present and future problems of this district.

#### **F. Other Sections of the School District Report**

I commend to your attention the narrative and statistical reports presented by your School Board, Teacher Consultant, Principal, and other officers and agents of the school district in other sections of this School District Report.

As one who is intimately involved in the day-by-day work of providing high quality education for our youth, I would like to express my appreciation for the high devotion to education displayed by every member of the school board and staff in Amherst, Brookline, Hollis, Milford, and Mont Vernon. If your schools are to provide the high quality education demanded by our times, the support of every citizen is needed.

I urge your support.

Respectfully,

**RICHARD H. GOODMAN,**  
**Superintendent.**

## **OUR TEACHER CONSULTANT**

For the past seven years this section of the school report has been devoted to a review of some of the work of the Helping Teacher. Inasmuch as the New Hampshire Legislature in 1961 changed the title to Teacher Consultant it might be well to mention the fact at this time. The change in title makes no difference in the status or role of Helping Teacher, but is considered to be somewhat less confusing and possibly more descriptive of the work being done.

### **The Best Education for All Children**

The teachers in all the schools in this Union are concerned with one common goal — the best possible education for all children. Because of this they have two major tasks: to recognize the needs of each child as an individual, and to provide for these needs. Since no two children are alike, each must be considered as unique, different from all the others, with his own strengths, limitations, and particular needs. The teacher attempts to understand the stage of development reached by each child in his search for maturity and education. This understanding is essential if provision is to be made for this further development and education. For each child a program must be planned which will meet his needs and allow him to achieve according to what he is capable of achieving. The ideal way is through individualized instruction where each child works at his own level of achievement, regardless of what other children are doing. This is a difficult method to acquire unless the class is unusually small, and the school district wealthy enough to provide the extra teachers, classrooms, and required materials. A more feasible way for the schools in this Union is for the teacher to work with classes or groups of children who have attained similar levels of achievement. This

permits more individual instruction by grouping together pupils with similar achievement levels. This allows children to progress at their own rate, without the usual frustrations encountered by the slower pupils and with greater challenge, enrichment, and progress for the fast. It also helps to eliminate one of the most serious problems in education today — that of the pupil who works below his ability. For many years we have recognized the fact that many of our pupils do not achieve according to their ability. Grouping by achievement is helping in the solution of this problem.

For the reasons stated above, the schools in this Union are concerned with the grouping of their classes, not by ability, but by levels of achievement. Such grouping provides more opportunities for greater accomplishment, in that it recognizes those whose added effort compensates for lesser ability and challenges those of greater ability to produce more. The goal is to allow each child to develop his own capabilities at his own rate of growth; thus grade barriers are eliminated.

The programs in the several schools in Supervisory Union No. 40 are basically the same in their underlying philosophy of recognition of, and provision for individual needs of our children. However, as no two schools are alike in their organization, so no program in one school is exactly like that in another. In some schools a certain degree of individualized instruction has been a part of the program for some time, usually only in one subject area. Grouping by achievement levels is just getting its start in some schools, and in others it has become well established. This approach to education is a departure from the traditional which was based upon the assumption that all children require exactly the same curriculum and methods of instruction. Being geared to meet the needs of the average child it tended to do just the opposite for him when he was forced to wait for the slow to catch up,

while at the same time experiencing the pressure of trying to keep up with the more rapid learners. Well-planned grouping practices will take into consideration the needs of all children, whether they are slow, average, or fast learners, or physically, intellectually, or emotionally handicapped. Your teachers are meeting the challenge.

### Progress of Special Class

Of interest to the parents in this area is the special class which has been established in Amherst. It may be recalled that the need for two such classes was expressed in my last report to the Union. This was to include children from five towns. However, it was recommended that at this time we organize one class to be made up of children from Amherst and Milford only. The class is limited to fifteen children, and under the guidance of Mrs. Lucy Richardson they are a happy, relaxed group, and the amount of learning taking place is truly amazing. The program is planned to give the children an opportunity to have training in practical arts and scholastic experiences directly related to these arts. Half of the classroom is set up in the usual manner, the other half is designed to provide experiences in homemaking, woodworking and handwork. The children learn to read, write, spell, and work with numbers through the application of recipes, directions, shopping lists, etc., to the practical use for which they are intended. This is in addition to other instruction in the 3 Rs. As another step in providing for the individual differences of all children we hope that in time we shall have all children requiring such specialized instruction in each of the five towns enrolled in this type of special class.

Once again I would like to thank the parents, teachers, and school board members for their splendid co-

operation and dedication to the task of providing the best education for all children. I wish also to pay tribute to Dr. Goodman and to the principals of our schools for their fine leadership in making more effective our combined efforts to bring this about.

Respectfully,

MABEL I. CONNOLLY,

Teacher Consultant.

### REPORT OF THE PRINCIPAL

Dr. Richard H. Goodman  
Superintendent of Schools  
Milford, N. H.

Dear Dr. Goodman:

I submit herewith my first report as Principal of the Mont Vernon Village School.

There have been many changes in the Village School Building since last June. The most important change that is resulting in better education for Mont Vernon pupils is the new school. We now have larger rooms, attractive color schemes, a new sink and a water cooler in each room, an extra utility room, improved lighting and a convenient cloak room for each class. The bell system and fire alarm are also great improvements. Our gold lettered name gives dignity and recognition to our building.

The enrollment in the first six grades reached 86 by December, three more than last year. The largest class is in the fifth and sixth grades with 32 pupils.

We, as educators, are continuously seeking better

ways to teach our children and if we wish to keep abreast of our changing society we must adopt those which provide them with greater educational advancement.

We are working with better grouping practices where the achievement of the child is more in keeping with his ability. This is considered an improvement by the teachers of the Mont Vernon School.

This year in the grades 4, 5, and 6, we have been using the S.R.A. reading laboratory. This is a program consisting of a preliminary test which tells the teacher where to place each child according to reading ability. The program has twelve different groups of reading cards, arranged according to levels. As a child finishes one set with satisfactory scores he goes to more difficult work. Each card consists of a story, or article, questions and phonetic work. Besides the content work there are also speed tests and listening skills.

The children are most enthusiastic about this program and we feel it has been most worth while. It is a program of individualized instruction which allows children to progress at their own rates.

Because of the generosity of the P.T.A., the Mont Vernon School has been most fortunate in acquiring a TV set for educational use. We make use of Channel 11, Educational TV for science, nature study, and grade 4 History of N. H. We find it most useful as a motivation of new work and as a culmination of work already covered in texts and science experiments. One great advantage is the wealth of equipment and materials used on TV which we could not hope to find available in our school. Another advantage is that the children must apply listening skills which are essential in the learning of all subjects. We, as teachers, are certainly most appreciative of this teaching aid.

Even though team teaching is very difficult to organize in a school of this size, we are finding it very beneficial in music, S.R.A. and occasionally in math.

Miss Wheeler continues to provide enrichment and enjoyment through a music program for all grades.

Our testing programs are an important phase of education as an aid to understanding each child's progress and abilities. Each year grades 1, 3 and 6 are tested for mental maturity. This year grades 1, 2, 3, 5, and 6 are being tested in reading, grades 5 and 6 in language, grades 4 and 6 in arithmetic and study skills. Our first graders are tested for reading readiness in August before entering school. This helps us to group them better for reading.

We three teachers of Mont Vernon School are continuing to work with our children with one common purpose — the best possible education for all.

We appreciate the cooperation of the parents who are urged to visit the classrooms so they can see how their children perform in relationship to other youngsters in their group. Parent-teacher conferences are also advantageous.

I would like to take this opportunity to thank the Mont Vernon School Board, Dr. Goodman, Miss Connolly, the teachers, the Mont Vernon P.T.A., parents, the Daland Library, and others who have rendered assistance during the past school year.

Respectfully,

ELIZABETH SCULLY,  
Principal.

Elementary 3; Part-time 1	

## SYNOPSIS OF MONT VERNON SCHOOL MEETING – MARCH 21, 1961

The Annual Meeting of the Mont Vernon School District was opened at 4 o'clock P. M. by Moderator Walter N. Thompson.

At 8 o'clock voting was suspended and the meeting was opened for discussion of the remaining articles of the Warrant, preceded by a Salute to the Flag, and a Prayer by Rev. George Thomas, and the reading of the Warrant by the Moderator.

Article 5. George Kittredge moved, and Frank Reagan seconded to pass over the article. Voted.

Article 6. George Kittredge moved, and Frank Reagan seconded to pass over the article. Voted.

Article 7. Francis Reagan moved, and George Kittredge seconded to pass over the article. Voted.

Article 8. George Kittredge explained the budget and that it contained only the necessary amount of money for the next year without any change in building or tuition.

Motion was made by Francis Reagan, seconded by Roland Christie, to pass the article as printed in the Report, to raise and appropriate the sum of \$47,256.54. Motion carried.

Article 9. To see if the district will vote to adopt a plan for extending to employees on regular payroll of the district the benefits of Title 11 of Federal Social Security Act as authorized by Chapter 101 of Revised Statutes Annotated as amended by Chapter 301 and 332 of Laws of 1955, and to raise and appropriate the sum of \$15.00 to defray the district's share of the cost thereof.

George Kittredge explained the Janitor was the only one to benefit by the Social Security Act, and recommended the Article be accepted, to raise and appropriate \$15.00 for the same. Voted.

Article 10. If a plan of Social Security coverage

is adopted; to see if the district will authorize the School Board to execute on behalf of the district the necessary agreement with the State of New Hampshire to carry into effect the plan, and to see if the town will designate the school treasurer as the office to be responsible for the administration of the plan.

A motion was made by George Kittredge, seconded by Francis Reagan to accept the Article. Voted.

Article 11. To see if the district will vote to rescind the action taken at the last annual meeting to pay any balance in the treasury at the end of the fiscal year to the receiving district as an advance tuition payment.

Francis Reagan moved, and Robert Morrison seconded, to adopt the Article. Voted.

Article 12. To see if the district will vote to raise and appropriate the sum of \$400.00 to compensate a part time instructor in Art Education.

Roland Christie moved, and George Kittredge seconded, to reject the Article. Voted.

Article 13. To see if the district will raise and appropriate the sum of \$300.00 to pay the cost of Television equipment and station charges.

Francis Reagan moved, and Roland Christie seconded, the Article be rejected. Voted.

Article 14. To see what disposition the district will vote to take on the present school problems, namely:

Plan 1. Build a new four-room elementary school on a new site.

Plan 2. Build an addition of one or two classrooms to the present elementary building.

Plan 3. Renovate the second story of the present building to provide two new classrooms.

Plan 4. Tuition the sixth grade to Milford.

Moved the recommendation of the School Board that a Committee be appointed, consisting of three registered voters of the School District to work with

the School Board, and report at the next Annual meeting with bona fide plans concerning structural plans, costs, and expenditures, concerning Plan 1 and Plan 3 of Article 14 of the 1960 School Warrant to tuition the sixth grade to Milford for one year; and to appropriate the sum of \$300.00 to defray expenses incurred by such investigation.

Amended: to report at recessed meeting June 10th.  
Amendment passed.

Amended: Committee of three registered voters of the School District be appointed by the Moderator. Amendment passed.

Amended motion passed.

A motion was made by Rev. George Thomas, and seconded by Francis Reagan to recess the meeting until June 10th. Voted.

Roland Christie moved the Polls be closed. Francis Reagan seconded, and it was voted at 10:35 P. M.

Later the Moderator read the result of the Ballot:

Moderator Walter N. Thompson

Clerk William O. Lamson

School Board Member, 3 yrs. Helen P. Blanchard

Auditor George O. Carleton

Auditor Francis C. Reagan

Construction Study Committee appointed by Moderator to work with School Board:

William B. Buckley

John R. Clark

McKinley Hatfield

## **SYNOPSIS OF RECESSED SCHOOL MEETING**

**June 10, 1961**

The recessed meeting of the district was called to order at 8 P. M. by Moderator Walter N. Thompson. A prayer was offered by Rev. George Thomas, and the Moderator read the Warrant calling for the recessed meeting.

The Committee reported as follows:

William Buckley explained the borrowing capacity of the School District and the amount of State Aid to schools the district might get.

Leonard Morrison explained the financing of any construction project.

McKinley Hatfield reported on the condition of the present building, and that it was structurally sound, and in good condition for renovation.

Priscilla Blanchard explained the pupil load and projection of load.

John Clark explained the new school possibility.

George Kittredge explained the possibility of renovating the present Village School building, and that it was the unanimous recommendation of the committee for renovation of the present school building.

After a lengthy discussion of the problem, Robert Mason made a motion, which was seconded by Percy Leonard, that we accept the report of the committee, and vote to renovate the present school building.

Voted favorably by paper ballot: Yes 72. No 43.

A motion was made by William Buckley, and seconded by Joseph Carleton, to raise and appropriate the sum of \$22,100.00 by serial notes, to mature annually over a period of ten years, to cover the cost of renovating our present school building.

John Clark offered an amendment, to have the committee bring in a more accurate figure on the cost, which was seconded by Frank Dunnington. Amendment was voted down by a show of hands.

The motion was then passed by a paper ballot: Yes  
75. No 28.

A motion was made by Virginia Harcovitz, seconded by William Buckley, to have a Committee of four members of the district appointed by the Moderator to work with the School Board, to supervise the reconstruction of the school building. Voted.

Victor Caseau moved to have the School drill a well, and to raise and appropriate the sum of \$1500.00 for same, seconded by Ann Dunnington. Motion lost.

At 11:15 P. M. George Kittredge made a motion to adjourn, which was seconded by Joseph Feeley. Voted.

Committee appointed by the Moderator to work with School Board for Reconstruction of School Building:

Vernon Wilkins  
Gertrude Carey  
William Buckley  
Walter Thompson
